INTERNATIONAL BRAND

The exclusive MAISON COMMON community is spread all over the globe. Europe, Middle East, Asia, Australia, South America, Canada or anywhere in the USA: the MAISON COMMON ladies claim individuality. These women neither need a luxury down market, nor do they need seasonal standards.

#3 HAPPY LUXURY

An Ethic

Since its founding in 2013, MAISON COMMON has been producing nowhere else but just around the corner in our Bavarian neighborhood. 90% made in Germany, 100% made in Europe. Real authentic Happy Luxury requires highest standards. People, the environment and precious materials are treated with the passion and care that drives us at MAISON COMMON.

#4 OBSESSION *for* DETAIL

More is more. Only the best is good enough. MAISON COMMON designs and produces all prints, fabrics and buttons individually. A jacket can consist of up to 25 markers. Often, there are three different linings or embroideries hidden inside or exclusively woven braids and ribbons, waiting to be found in every single one of our collector's items.

We are **FAMILY**

«I don't have employees, I have friends. They pushed MAISON COMMON to what it is today. The know how in couture fashion, the passion, the perfectionism, the long nights that finally bring the desired results... Unthinkable that we had such a success, if it weren't for them!»
